

RESOLUTION

We the undersigned users, members and administrators of the sports clubs in the 'Brunswick Sports and Park Precinct', reject the Brunswick Structure Plan due to the lack of details and overall inadequacy of the proposal for the area.

We request a more thorough consultation with all existing clubs.

The attached seven principles outline our objections and a way forward.

Principles for the Brunswick Sports and Park Precinct.

1. That Gillon Oval, Raeburn Reserve, Clifton, Gilpin and Brunswick parks should be called the Brunswick Sports and Park precinct and not Central Brunswick parklands.
2. That the precinct map in the draft Structure Plan is redrawn to show Gillon Oval, tennis courts, mallet sports club and the various sporting fields.
3. Sports clubs and the local community should be involved in a consultation and advisory process in the future planning of the Sports and Park precinct.
4. There should be shared community facilities and community access to grounds subject to the existing uses by the clubs.
5. That Council recognises in the Structure Plan the Brunswick Sports and Park precinct's critical role in organised sport in Moreland.
6. Council's future purchase of new parkland in Albert St and construction of new sports facilities should not compromise or reduce investments and upgrades of existing sporting facilities or dismantle the existing club structures.
7. The sporting precinct should include playing fields of an acceptable standard including recognising the increasing use of synthetic surfaces in various sports.

We resolve to form a Brunswick Sports and Park Precinct Alliance.

We also call on council officers to attend a meeting of the Brunswick Sports and Park Precinct Alliance to consult clubs and users of the redrafting of the precinct map for the Brunswick Sports and Park Precinct.

CARRIED UNANIMOUSLY

Representatives of the following clubs and organisations were present:

| | |
|--|---|
| Brunswick Cricket Club | Brunswick Hockey Club |
